CORPORATE OVERVIEW

The Saskatchewan Gaming Corporation (SaskGaming or the Corporation) was established in 1994 as a Treasury Board Crown Corporation to operate casino gaming on behalf of the province of Saskatchewan. It currently operates Casino Regina and Casino Moose Jaw. Effective April 1, 2008, SaskGaming came under the direction of the Crown Investments Corporation of Saskatchewan (CIC). SaskGaming operates Casino Regina and Casino Moose Jaw under the regulatory authority of the Saskatchewan Liquor and Gaming Authority (SLGA).

Casino Regina, located in Regina's historic Union Station, opened to the public on January 26, 1996 and is a full-service entertainment facility offering slot machines, table games, a Show Lounge, restaurant, and on-site parking.

Casino Moose Jaw opened September 6, 2002. It offers guests table games, slot machines, food and beverage services and parking facilities.

In the comparative period, Casinos Regina and Moose Jaw were closed during the period of April 1, 2021 to June 19, 2021 and as a result limited revenues from gaming were earned during the first quarter.

SaskGaming's vision is as follows:

We are the number one entertainment choice in our markets.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The Management's Discussion and Analysis highlights the primary factors that impacted the operations and financial results of SaskGaming for the three month period ended June 30, 2022. This discussion should be read in conjunction with the unaudited interim condensed consolidated financial statements and accompanying notes. For additional information relative to its operations and financial position, refer to the Corporation's Annual Report for the year ended March 31, 2022.

FINANCIAL RESULTS

The following information provides details of the Corporation's financial performance for the period April 1, 2022 to June 30, 2022 with comparative information for 2021.

(Thousands of Dollars)	Three months ended June 30			
	2022	2021	Change	%
Revenue	\$ 28,401	\$ 2,117	\$ 26,284	1241.6%
Expenses	17,771	8,368	9,403	112.4%
Income (loss) before payment to General Revenue Fund	10,630	(6,251)	16,881	270.1%
Payment to GRF	5,315	-	5,315	100.0%
Net Income (Loss)	\$ 5,315	\$ (6,251)	\$ 11,566	185.0%

Revenue is primarily driven by slot machine play and electronic and live table games. Revenue for the first quarter was \$28.4 million, an increase of \$26.3 million from the same period in fiscal 2022. The increase over the prior year is largely due to the temporary closure of the casinos due to public health measures for most of the first quarter in fiscal 2022.

Expenses for the first quarter also increased from the same period in fiscal 2022 by \$9.4 million to \$17.8 million. Increases in expenses from the prior year occurred across most expense categories due primarily the temporary casino closures for most of the first quarter in fiscal 2022. The expenses with the largest increases included salaries, wages and benefits, entertainment, food & beverage cost of goods sold, lease & rental, and cleaning services & supplies.

SaskGaming's capital investment for fiscal 2023 continues to focus on property and technology modernization. During the first quarter, several capital projects began, including slot machine replacement and the continuation of the renovations to modernize the Casino Regina property, which are expected to conclude by the end of the year.

OUTLOOK

SaskGaming's income before payment to the GRF for the three month period was \$10.6 million. During the first quarter a contract was signed by SaskGaming, Saskatchewan Indian Gaming Authority (SIGA) and British Columbia Lottery Corporation (BCLC), for BCLC to provide an online gaming platform in Saskatchewan. SIGA will act as the operator, SaskGaming will be the Conduct and Management agency and BCLC will be the vendor for online gaming. At this time SaskGaming continues to assess the impacts of online gaming on its earnings forecast.

2. Basis of Preparation

a) Statement of compliance

These condensed consolidated interim financial statements have been prepared in accordance with International Accounting Standard (IAS) 34 *Interim Financial Reporting*. The condensed consolidated interim financial statements do not include all of the information required for full annual financial statements, and accordingly should be read in conjunction with the March 31, 2022 audited financial statements.

The condensed consolidated interim financial statements were authorized for issue by the Board of Directors on August 22, 2022.

b) Basis of measurement

The condensed consolidated interim financial statements have been prepared on the historical cost basis except for financial instruments which are classified as fair value through profit and loss, which are measured at fair value.

c) Functional and presentation currency

These condensed consolidated interim financial statements are presented in Canadian dollars, which is SaskGaming's functional currency.

d) Use of estimates and judgements

The preparation of financial statements in accordance with International Financial Reporting Standards (IFRS) requires management to make estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognized in the condensed consolidated interim financial statements include: useful lives of property, plant and equipment and the customer loyalty program.

3. Significant Accounting Policies

The accounting policies applied by SaskGaming in these condensed consolidated interim financial statements are consistent with those applied by SaskGaming in its March 31, 2022 financial statements.

4. Equity Advance

SaskGaming does not have share capital. However, SaskGaming has received equity advances from CIC to form its equity capitalization. The advances reflect an equity investment in SaskGaming by CIC. SaskGaming has received \$15,700,000 (March 31, 2022 - \$15,700,000) in equity advances from CIC.

5. Fair Value

Fair values approximate amounts at which financial instruments could be exchanged in an orderly transaction between market participants based on current markets for instruments with similar characteristics such as risk and remaining maturities. Fair value measurements are subjective in nature, and represent point-in-time estimates which may not reflect fair value in the future.

The methods and assumptions used to develop fair value measurements have been prioritized into three levels as per the fair value hierarchy included in IFRS. Level one includes quoted prices (unadjusted) in active markets for identical assets or liabilities. Level two includes inputs other than quoted prices included in Level one that are observable for the asset or liability. Level three includes inputs that are not based on observable market data.

The following table presents the carrying amount and fair value of SaskGaming's financial instruments. The table also identifies the financial instrument category and fair value hierarchy.
